

Dan Millane performed in many bands as a young man before fronting popular Melbourne band “Velveteen”.

In ‘03 Dan moved to Queensland to pursue a solo career and grow his individual talents of voice and guitar.

Since then, his big, male vocal and solid acoustic guitar work have been heard on stages throughout Queensland, Adelaide and since his return in 2010, Melbourne and country Vic.

He has been flown from Melbourne to Qld, Sydney and as far as Karratha, WA to perform.

Dan has a reputation, not only for his professionalism and excellent sound production, also for his cheeky humour on stage, his long sets and a large song selection, which moves away from the over-played, cliché songs we’ve been hearing every weekend since the mid 90’s.

Dan has, for many years been “Live Looping” which is the process of recording samples of sounds, live, in real time and having them play back in a loop with the use of pedals at his feet.

Since mid 2015 Dan has been challenging himself with the addition of a larger, more advanced Looping system, and an amazing effects pedal that can transform his guitar sounds into sounds like Bass Guitar, Electric Guitar with distortion, Piano/Keys, String and Brass Ensembles, endless Synth and Electro sounds and many, many more!

Dan builds and loops percussive beats by playing electric drum kit pads, beat boxing, egg shaker, hand claps etc.

But you can’t beat the real thing and can hire him as a duo with a real-life, breathing, feeling drummer!

You'll be amazed at the big sound achieved with this technology.

We get ongoing comments like "I can’t believe there are only 2 of you - it sounds huge" - and "..really? You don't use backing tracks?"

The boys pride themselves on the sound achieved, without sounding like a karaoke bar!!

Both formats can be relaxed, background style, or "kick up your heels" party style.

He has held multiple weekly residencies in reputable venues such as -

QLD

1.5 yrs at Zacharys, Mooloolaba

1 yr at The Pig 'N Whistle, Mooloolaba

SA

2.5 yrs at The Ramsgate Hotel, Henely Beach
